

## The American Legion Legacy Fund Sponsorship Form

### The American Legion Legacy Fund

The American Legion wants to ensure higher education is a possibility for children whose parents have been killed while serving our country. It is a civic duty to provide them with equal opportunity. The Legion offers its support through the Legacy Scholarship Fund.

There has been a significant shortfall in government money allotted to children with parents lost in war. The government gives these children a college education stipend worth slightly more than \$37,000. Taking into account living expenses, textbooks and rising tuitions, this benefit covers only a little more than half of college costs in the most affordable situation. And the price tag of higher learning will only continue to rise. The most conservative estimates predict a 5-percent annual increase, meaning that in 16 years the most affordable college education will be \$132,800. Obviously, military compensation will not keep up.
