### **Join The Prodigal Son's House in Support Of Our Veterans of the United States Armed Forces**

The Prodigal Son's House effectively encouraging once hopeless and addicted men (Veterans of the United States Armed Forces who have lost their footing in society) to once again become productive, Godly men with integrity

The Prodigal Son's house is here to provide the needed support and assist in a gradual transition to a happier, healthier lifestyle, with the realization that it is possible to recover from addiction and begin to live a productive life free from alcohol and drugs and to develop a much needed relationship with Jesus Christ. To ultimately become a fixture in the community of Selma providing necessary services to give these veterans the hope and faith needed in order to be effective overall, within the community, within their families and also society. And one of our goals is for the mission to gain a reputation of transitioning the once hopeless into men of undying faith healing their wounds through counseling, positive encouragement and a combination of providing a structure of living, self- help programs and a weekly schedule which will encourage independent living, and also to get them back into the work force.

. The veteran, after having had at least 28 days of in-patient treatment, is welcomed to come to the Prodigal Son's House to have accountability which encourages growth in personal responsibility.

. We provide the veteran a temporary place to live, meals, education, job search skills and we also assist the veteran in getting permanent housing

. We offer Alcoholics Anonymous as a part of the services which is a spiritual 12 step program which allows a veteran to learn how to live clean and sober and to receive personal sponsorship support in overcoming their compulsive behaviors.

. We provide the veterans with clergy who will come to the house and give bible memorization and study. We also provide transportation to scheduled weekly chapel services and job interviews. We provide a daily routine filled with responsibility in the form of chores and meeting deadlines which out-lines a structure and encourages independent living.

## Thank you for helping the Prodigal Son's House to support our Veterans

We need your support in many phases to help us to reach our goal which is supporting the veteran and to give us the best opportunity in transitioning him back into our community and society as a whole. We are in the brick and mortar phase...we have an unfinished house which will cost us approximately \$65,000 to complete and to bring up to code, including the installation of a sprinkler system to be able to house our veterans safely. Your consistent support is appreciated. Thank you in advance for your gift. May God richly bless your generosity.
